Smk Mardi Yuana Cianjur, Cianjur, Indonesia June 2021

EXPERIENCE

PT Quadra Karya Santosa, Bandung. September 2025 - January 2026

Worked as a full-stack software engineer intern involved in the development and maintenance of a web-based operational system. Responsibilities included backend and frontend development, database integration, API implementation, and system testing to support daily operational processes.

Intern, Software Engineer (Full-Stack).

- Developed Developed responsive and user-friendly web interfaces using React based on system requirements and business needs.
- Built and maintained backend services using NestJS, TypeScript, and TypeORM.
- Designed and implemented a transaction history feature with pagination and filtering by customer, date range, and stock.
- Integrated frontend components with backend services through RESTful APIs.
- Utilized PostgreSQL and JSONB queries to manage and process complex transactional data efficiently.
- Configured and integrated PostgreSQL and Redis within a Dockerized development environment.
- Performed functional testing, debugging, and issue resolution to ensure application stability and reliability.
- Documented APIs using Swagger and validated endpoints using Postman and cURL.
- Collaborated with frontend and backend team members to improve system architecture, code quality, and overall application performance.

KPP PRATAMA, Cianjur. January 2020 - March 2020
KPP Pratama is ready to serve Taxpayers in matters of Taxpayer Registration (NPWP) and/or Taxable Entrepreneur confirmation, revocation of NPWP and/or Taxable Entrepreneur status, acceptance and processing of Periodic Tax Returns (monthly and annual).

Summer Intern, Tax officer

Transferred and stored data from NPWP registrants into a dedicated NPWP information book and database, which included transferring data from previous years that were not previously recorded.

- Stored approximately 4 years of data that had not been saved in the database.
- Stored new data in the records.

HPK Foundation, Cianjur. June 2019 - December 2021
HPK Foundation is a scholarship foundation that helps underprivileged and high-achieving students who are committed to the Christian faith.

Summer Intern, Tim creative

Photographed and created videos for social media platforms, showcasing captivating visuals. Collaborated in event planning and played a key role in launching scholarship programs in various locations.

- Established a branch in the Sukabumi area, expanding the organization's reach.
- Captured and curated images and videos that enhanced the brand's online presence.
- Produced a captivating short film that resonated with the target audience.
